SAVE AN HOUR OF PREP TIME WITH NAPCO GORILLA GRIP™ WIPE ON PRIMER

NAPCO's Gorilla Grip Wipe-On Primer is revolutionary. Five minutes with Gorilla Grip Wipe-On Primer replaces one hour of prep. Simply clean the tub with our Piranha Prep, rinse and dry, wipe on Gorilla Grip Primer and save an hour or more of tough prep work on every job. It's that simple.

On average, a NAPCO-certified refinisher will complete two tubs per day. Imagine what you could do with an extra 1-2 hours or \$200 in your pocket every day. Add another refinishing job to your day? Keep your labor costs to a minimum? Use the time saved to grow your business? With Gorilla Grip you can do it all!

CONVENTIONAL PRIMERS

10 minutes	Etching
15 minutes	Sanding
5 minutes	Loading up gun with primer
15 minutes	Spraying primer
15 minutes	Cleaning up the gun with thinner
1 HOUR	TOTAL TIME

GORILLA GRIP

NO ETCHING
NO SANDING
NO LOADING TIME
NO SPRAYING PRIMER
NO GUN CLEAN UP TIME
5 MINUTES

Our extensive testing has proven Gorilla Grip provides as good or better bond than conventional etching and primer. Don't waste one more hour hassling with conventional etch and spray-on primers. **Get Gorilla Grip and work smarter while making more money, 100% satisfaction guaranteed.**
